PROFILE

Senior Full-Stack Developer with 9+ years of experience building web applications, now with AI at their core — LLM integrations, chatbots, and automation. Core stack: Python, Django, PHP, Laravel, JavaScript, React, Node.js, and WordPress, with strong expertise in API-driven development, cloud deployment, and DevOps. Since 2018, senior developer for a UK-based e-learning group, where I built a Learning Management System from the ground up — now serving 140,000+ learners across 2,800+ courses. Top Rated freelancer on Upwork with a 100% Job Success rate across 50+ projects and 3,000+ hours.

EXPERIENCE

Senior Full Stack Developer — Staff Skills academy+ (UK, remote)	2018 – Present
- Senior developer for academy+ (formerly Be-a Education Ltd) and its sister brands — UK e-learning providers delivering award-winning online training. - Architected and built the company's Learning Management System from the ground up; it now serves 140,000+ learners across 2,800+ courses. - Own the full development lifecycle: system architecture, REST APIs, cloud deployment, and DevOps (PHP/Laravel, React, WordPress, MySQL). - Currently integrating AI into the platform — LLM-powered features, chatbots, and AI-assisted development workflows.	
Full Stack Web Developer — Be-a Education Ltd (UK, remote)	2015 – 2022
- Backend and frontend development on LAMP/LEMP and MERN stacks alongside a distributed team; engineered the underlying REST APIs and handled DevOps. - Implemented Git-based workflows and automated deployment pipelines.	
Backend & Mobile App Developer — FishVerify Inc. (US, remote)	2017 – 2020
- Built the backend APIs for FishVerify, an AI-powered mobile app that identifies fish species from photos using computer vision (Google AutoML). - API server in Java/Servlets; contributed to the Android (Java) and iOS (Swift) apps.	
Web Developer — InvestAsian Ltd	2017 – 2021
Built and maintained the InvestAsian property & stock investment platform (PHP, WordPress, JavaScript); managed the web server infrastructure.	
Freelance Full-Stack Developer — Upwork	2013 – 2022
- Top Rated with 100% Job Success across 50+ projects and 3,000+ hours for clients in the UK, US, and Europe. - Python/Django and Laravel web apps, WordPress themes and plugins (published on the official directory), API integrations (Stripe, Shopify, Google), and AI/chatbot features.	

EDUCATION

B.Sc. in Computer Science & Engineering — Bangladesh Open University	2022 – 2026 (expected)
B.Sc. in Civil Engineering — Chittagong University of Engineering & Technology	2017
